

September Plant Tour ISP Fine Chemicals

(Reprinted from August's newsletter)

ISP Fine Chemicals is a part of International Specialty Products, one of the world's premier specialty chemical suppliers with approximately 2,500 employees world wide and plants, R&D centers, marketing and administration in almost 100 countries.

The Fine Chemicals division operates two production facilities located in Columbus, Ohio and Freetown, Massachusetts with a combined reactor capacity of over 60,000 gallons. There are almost 200 highly trained specialists employed at both sites producing complex intermediates and active pharmaceutical ingredients.

ISP Columbus Plant is a technologically advanced manufacturing plant devoted to the production of a variety of fine chemicals and products for pharmaceutical, agricultural, biotechnology and performance polymer markets. ISP Columbus Plant also provides custom manufacturing devoted to the production of a variety of fine chemicals and products for pharmaceutical, agricultural, biotechnology and performance polymer markets. ISP Columbus Pant also provides custom manufacturing services to cGMP and FDA Standards for a diverse range of industries throughout the world.

ISP Columbus Plant is located at 1979 Atlas Street Columbus, OH 43228 and its head quarters are located at Wayne, New Jersey.

New Members/Renewal Cards

APICS Headquarters has a new computer system that requires the redesign of membership card stock. They expect to be able to mail your membership card and/or materials during the week of September 2nd.

Dinner following the tour: Salvi's Bistro

Time: 6:00 p.m.

Menu: One of two selections:

- * 1) Pasta Medley - Ravioli, Tortellini, Pasta Salvi with three sauces and parmesan
- * 2) Eggplant Parmesan - Eggplant with Fettuccini in a cream sauce (vegetarian option)

Servers will take your order upon arrival

Cost: \$25.00

To make reservations, send e-mail to reservations@apics-col.org or call 614-470-4609. Once connected to the *APICS DINNER RESERVATION LINE*, please state your name, a total count of the attendees, and company name.

Walk-ins are accepted, however, menu may differ.

Last month's newsletter focused on our educational offerings. Fundamentals courses are scheduled to start the week of September 9th and CPIM courses will start the week of September 23rd. We have had one change from the previously published start dates. The *Fundamentals of Manufacturing Control* course will be held on Thursdays, starting 9/12 and the *Strategic Management of Resources* CPIM course will be held on Mondays, starting 9/23.

Registration for Fundamentals courses should have already been received by the printing of this newsletter (9/3). Deadline for registering for CPIM classes is 9/16. A class registration form is printed in this issue, and can also be found on the website. If you are running late on sending in the registration form, please e-mail Valerie Seus, VP of Education Administration, at education@apics-col.org to ensure your seat in the course.

Remember that our Professional Development Meeting (PDM) schedule has changed to the third Tuesday of the month. Our September PDM is a tour of ISP Fine Chemicals, beginning at 6:00 pm on Tuesday, September 17th. Dinner will follow the tour and will be held at Salvi's Bistro.

I am excited about the quality of our PDM schedule this year. We have a behind-the-scenes tour of the Columbus Zoo in October. November has Professor Neeli Bendapudi from The Ohio State University, Fisher College of Business' Marketing and Logistics department speaking on *Owning the B2B Customer*

Education Program – Fall 2002 to Spring 2003

CPIM Certification Review Courses:

All five modules (Basics of Supply Chain Management, Master Planning of Resources, Detailed Scheduling and Planning, Execution and Control of Operations and Strategic Management of resources - will be offered three times, Fall, Winter and Spring. These courses are an excellent review for those seeking the CPIM designation. There are no grades issued for these courses.

Fundamentals Courses:

There are four courses in this series – Inventory Control, Planning, Manufacturing Control and Operations Management. Two courses in this series will be offered each session – Fall, Winter and Spring. The Fundamentals courses are excellent for gaining points for recertification (36 points) and provide a suitable academic background for those needing to acquaint themselves with the manufacturing and materials management processes. These classes are rigorous and consist of case studies, mid-term and final exam. A grade is issued in addition to the certificate.

CIRM Certification Review Courses:

These will be scheduled per demand. A minimum of six is needed to start a class. Schedule dates will mirror those of the CPIM.

Certificates of completion are issued to all students completing the courses

NEW FEATURES:

A cut off date has been established for each class session. Prior registration is required to allow for proper scheduling of materials, class and instructors. No walk-in registration. Also the students along with the instructor will have the option to reschedule the number of classes and hours of each session – it must be unanimous – as long as a minimum of 16 hours of instruction for the CPIM and 25 hours for Fundamentals are held. If the entire course material is not covered, additional classes will be scheduled. This will allow the classes to progress as to the capacity of the students and allow for more flexibility in everyone's personal schedule. Also you will not be required to become a member of APICS to participate in the classes. There will be separate member and non-member fees.

CLASS SCHEDULES:

Fall 2002:

Fundamentals – 1st class 9/9/02
Last class tentatively 11/18/02
Registration cut off 9/3/02

CPIM Review – 1st class is 9/23/02
Last class tentatively 11/18/02
Registration cut off 9/16/02

Winter 2003:

Fundamentals – 1st class 1/13/03
Last class tentatively 3/24/03
Registration cut off 1/6/03

CPIM Review – 1st class 1/20/03
Last class tentatively 3/17/03
Registration cut off 1/13/03

Spring 2003:

Fundamentals – 1st class 4/7/03
Last class tentatively 6/16/03
Registration cut off 4/1/03

CPIM Review – 1st class 4/7/03
Last class tentatively 6/02/03
Registration cut off 4/1/03

Scheduling Specifics:

A class matrix for each session will also be listed on the website outlining the specific date of the week, the instructor and class location. The course fees and a registration form will be included. These will be created before the session takes place and will be posted on the web site and newsletter for the appropriate months. This notice will be on the web site at all times.

COURSE LOCATIONS

DeVry: 1350 Alum Creek Dr., Columbus
Lakeshore Cryotronics: 575 McCorkle Blvd., Westerville
Liebert::1050 Dearborn Dr., Worthington
Metatec: 7001 Metatec Blvd., Dublin
