Professional Development Meeting

The April Professional Development will be a tour of Yellow Transportation, Inc. located at 5400 Fisher Road. As the largest subsidiary of Yellow Corp., a Fortune 500 holding corporation for a family of companies specializing in freight transportation, Yellow Transportation, Inc., is one of the largest commercial transportation providers in the United States with revenues exceeding \$3 billion. Yellow Corp. traces its origins to 1924 when A.J. Harrell, an Oklahoma City entrepreneur, founded a bus and taxi company and named it Yellow Cab Transit Co. In 1929, AJ was concerned about road safety, so he commissioned the E.I. DuPont Co. to determine the color that would be most visible on the tractors from the greatest distance on the nation's highways. DuPont's research found the color Swamp Holly Orange. This color is still used on Yellow trucks today. Yellow celebrated 75 years of service in 1999.

As of year-end 2001, Yellow Transportation had 19,200 employees supporting 360 service centers throughout the United States, Canada, Mexico, and Puerto Rico. Transportation is the second-largest industry in the United States. Yellow does much more than ship freight; they deliver products to market and transportation solutions to meet specific needs, no matter what they are. Delivering solutions creates a partnership, a real competitive advantage in today's quick-turn, rapid-replenishment world. Yellow offers a wide variety of transportation services to domestic and international customers.

Yellow received ISO 9000:2001 certification, becoming the first transportation services provider to

receive the new classification under the International Organization for Standardization for continuous quality improvement. Yellow expands Standard Ground Regional Advantage—the company's best-in-class, 2- and 3-day regional service. Almost 70 percent of all shipments now deliver in 3 days or less, a 12 percent improvement over the previous 2 years.

Directions:

Meet at 6:00 p.m. at Yellow Transportation, Inc. located at 5400 Fisher Road. Use the main entrance where the flag is flying, not where the trucks enter.

Dinner:

Dinner will be immediately following the tour at Salvi's Bistro, 1323 St. James Lutheran Lane. For directions visit <http://www.mapquest.com>. To make reservations, send e-mail to reservations@apics-col.org or call 614-470-4609. When making reservations please include your name, a total count of the attendees, attendee's names, and company name. Please make reservations no later than April 11, 2003 at 4:00 p.m.

Professional Development Schedule

V.P. Current Programs: Ravi Kannigati
V.P. Meeting Arrangements: Lori Crowley, CPIM

<i>April 15, 2003 Tour</i>	<i>Yellow</i>	<i>Yellow Transportation, Inc.</i>
	<i>Dinner:</i>	<i>Salvi's Bistro</i>
<i>May 20, 2003</i>	<i>Dinner:</i>	<i>TBD</i>

April, 2003

President's Message

Top Manager and Vendor night was a success, and I would like to thank Mr. Dove for presenting, and Shelley Horn for her efforts in making the event happen. Yearly, we hold this event to thank our chapter's Top Managers, as we cannot exist without their support. Please see the article in the newsletter that lists all the vendors who attended to show off their products and services and interact with our Top Managers and members.

We are planning on starting our "accelerated" CPIM program starting this month. Two of the five non-Basics CPIM courses will be held in three-week sessions on Saturdays, with three weeks in-between each course. We are then planning on holding two more of the courses over the summer, again with three weeks in-between. Therefore, anyone who has taken the Basics course could take the remaining four courses and be finished by the end of the summer. Having taken the Basics course is not a requirement, but is strongly recommended before taking any of the other courses. Details are located within the education section of the newsletter.

The 2002/2003-program year will be ending with the May PDM. April will feature a tour of Yellow Transportation with dinner following. Student night will be held in May, where we will be presenting Member and Company of the Year awards, and student scholarships.

Finally, if anyone is interested in serving on our board of directors, please let me know. There are no requirements, besides willing to volunteer your time to help run our organization.

Sincerely,

Burl K. Scott

President

Columbus APICS Chapter 99

E-mail: president@apics-col.org

Thank You

The purpose of Top Management Night is to recognize Central Ohio's top managers from APICS member companies for their support of individual members and our chapter. In addition, Top Managers from non-member companies are introduced to our organization and how APICS can significantly impact the future of their business.

Below is the list of attending Top Managers. The Chapter appreciates their interest and support of the Columbus Chapter:

<u>COMPANY</u>	<u>TITLE</u>	<u>ATTENDEE</u>
Ashland Inc.	Program Manager,	Irene Dymerski
Cardinal Health	VP, Information Systems, Business Partner, Pharmaceutical Distribution	Steve Peale
Crane Plastics Siding	Customer Demand Manager	Cecil Mullins
Crane Plastics Siding	IT Director	Kevin Kuhlwein
Crane Plastics Siding	Director of Supply Chain	Tom Crabtree
Franklin International	Director IS	Mark Strayer
Holophane	Director of Sourcing	John McCartney
Liebert Corporation	Sr. VP, LNA Manufacturing Operations	John Carey
MAPICS, Inc.	Director of Product Development	Jim Lenard
Metatec International	President and CEO	Chris Munro
Mount Carmel	Vice President of Resources and Chief Resource Officer,	Richard DeVine
Mount Carmel	Director of Materials Management	Ken Boock
MRM Consulting Inc.	President	Mark Miller
The Ohio State University	Center for Excellence in Manufacturing Management – Administrative Director	Nancy Lahmers
Precision Strip, Inc.	IT Manager	Sue Borchers
The Scotts Company		Charlotte Baxter
TDCI Inc.	Director, ERP Services	Ralph Spitzen

In addition, the Chapter would like to thank the following companies for their participation in the Vendor Fair, donation of door prizes for the event, and support of the Columbus Chapter:

Crane Performance Siding
e-Ventus Corporation
JDEdwards
The Ohio State University
PrimeFind
TPI
TDCI
Vista Data Systems
Walker Technology
Yellow Freight

Public Kaizen

May 19-23, 2003

Host Plant: Tosoh SMD, Inc.

Grove City, Ohio

Sign up today for the five-day public kaizen (improvement project) at Tosoh SMD. You will participate in five days of professional kaizen training and implementation with other team members where you study a plant problem, analyze it, gather the data, and apply the improvement steps all during the five days. You will be led by a kaizen master coach and will learn how a kaizen is done. At the end of the week you will see results, identify the improvements and identify steps for future refinements. Kaizen is the proven cornerstone improvement process of getting to lean in a manufacturing or office environment.

Fee:

**\$2195 for one,
discounts for more than one.
Call University of Dayton,
937/229-4632 to register.**

**Other public kaizens at world
famous Wiremold, Hager Hinge,
and Globe Motors .**

Tosoh SMD began work on LEAN methods in 2000 by implementing a 5S system as well as other manufacturing disciplines including 20 keys, value stream mapping and kaizen activities. This kaizen event will work with some advanced refinements of a production area in a plant which is well on the road to lean implementation. Tosoh SMD is one of the world's leading manufacturers of high purity thin film materials. Its products are used by the world's foremost producers of semiconductor devices, digital storage media, information displays, and other functional coatings. Their primary product is called a sputtering target, which is consumed in a physical vapor deposition process by its customers to make thin films, generally on silicon substrates. Tosoh SMD manufacturing processes include metal purification, fabrication, machining and precision cleaning. Tosoh SMD is ISO9001, QS9000 and ISO14001 certified. Headquarters and manufacturing operations are located in Grove City, Ohio, USA. Tosoh SMD maintains its web site at www.tsmd.com

Tosoh SMD, Inc. is a wholly owned subsidiary of Tosoh Corporation, a diversified international producer of chemicals and high purity materials. Tosoh Corporation has a long and successful history in the production of specialty materials, sputtering targets, silica glass, quartzware products, scientific and diagnostic instrumentation and systems. Tosoh Corporation maintains its web site at www.tosoh.com

SPRING SEMINAR THE TOYOTA PRODUCTION SYSTEM

The Dayton APICS Chapter spring seminar will feature a presentation of the Internationally famous Toyota Production System, presented by an executive practitioner from Toyota of Georgetown, Kentucky. In 2001 we had The Harley Davidson story with 140 attendees. In 2002 we had The Honda story with 90 attendees.

April 29, 2003, 1-4:30 PM
Dayton Convention Center
22 East Fifth Street
Dayton, Ohio

**Mark your calendars
and sign up early.
We expect a sell-out.**

The Toyota Production system is regarded as the foundation system for lean manufacturing practices with Dr. Taiichi Ohno as the father of the TPS (Toyota Production System). The program will discuss the characteristics of successful TPS companies, how they started and progressed. The ideal TPS will be presented and a step by step guide to the true north of the ideal system. Standard work, the ultimate objective of TPS, will be defined, what conditions need to be present for standard work, and a case study in creating standard work in assembly.

Registration:

Mr. Tom Cooney, Lord Corporation 4644 Wadsworth Road, Dayton, Ohio 45414
CPIM 937-2780-4243.

Please send check or credit card number to Mr. Cooney ASAP.

Fee: \$100 for members; \$175 non-members, membership in the Dayton Chapter included.

No acknowledgements will be sent unless a SASE is enclosed in the registration. For best results, please register early. If payment and registration cannot be received by mail 2 weeks before the course begins, please send an e-mail notice to education@apics-col.org to ensure your seat in the course.

Detailed Scheduling and Planning (DSP)

- Begins: Saturday, April 12, 2003
9:00 A.M. – 5:00 p.m.
- Location: Metatec
7001 Metatec Blvd., Dublin

Master Planning of Resources (MPR)

- Begins: May 31, 2003
9:00 A.M. – 5:00 p.m.
- Location: Liebert
1050 Dearborn Dr, Worthington

Execution and Control of Operations (ECO)

- Begins: June 28, 2003
9:00 A.M. – 5:00 p.m.
- Location: TBD

Strategic Management of Resources (SMR)

- Begins: July 26, 2003
9:00 A.M. – 5:00 p.m.
- Location: TDCI
8760 Orion Place, Suite 300, Columbus

Note: Locations will be updated on the web site, apics-col.org, as they become available.

NOTES:

Scheduled per demand. A minimum of six is needed to start a class. The BASICS module is the suggested prerequisite to other CPIM modules.

Text books are optional and recommended by instructors in the first class.

It is important to attend the first class.

** Please mail the registration form included in this newsletter.
