Most of us are experts in DOING our jobs. However, few of us are experts in FINDING jobs. There are proven strategies and methods that accelerate and maximize successful job searches. If you are frustrated and need help or just want to learn more, come listen to a presentation on "Effective Job Search Strategies". And then learn about a local Columbus not-for-profit that trains you on how to implement those methods: 40Plus of Central Ohio.

APICS members, to show our appreciation for your membership and support, we would like to invite you to a complementary dinner meeting. And to show our appreciation for top management that has supported your membership, we ask that you bring along a manager or executive as well. This will be an excellent opportunity to network with other professionals at our last meeting until next fall.

There will be a short presentation after dinner to outline the services and resources available through APICS to help companies and members during these uncertain economic times. We will also take this opportunity to recognize the individuals and groups that helped us have another successful year.

Time is short and our meeting is next Tuesday May 19th so sign up today at our web sight

Master of Business Operational Excellence

Learn lean skills that add value to your career.

Become a leader in lean enterprise and continuous improvement in this innovative master's degree program featuring:

- A 12-month program
- Eight on-campus classroom sessions throughout the year (Wed.–Sat.)
- World-renowned faculty who are leaders in operational excellence
- An emphasis on applied learning, including a major project at your workplace
- Return on investment—in most cases, the benefits to the organization resulting from the project far exceed the tuition

Join us for an information session in Columbus.

FISHER
COLLEGE OF BUSINESS

Announcing New CPIM Recipients:
Kristina Robinson and Mark Ishmael

2009-2010 Education Schedule

The new schedule for CPIM and CSCP classes has been established and is posted on our web site (apics-col.org).

Both the CPIM and CSCP classes will be all day Saturday events. .

The CPIM exams continue to be offered via computer based testing in North America throughout the year. Specific dates and hours of operation vary by date. Check APICS.org web site for locations.

CSCP exams continue to be paper and pencil. The schedule for the balance of 2009 is now listed on the chapter web site. Testing locations currently are in Columbus and Dayton.

Make sure when registering for a class that you include you APICS Membership ID.

In house classes are available upon request.
